

Certificate of Approval

This is to certify that the Management System of:

Westfälische Drahtindustrie GmbH

7 Wilhelmstraße, 59067 Hamm, Germany

has been approved by LRQA to the following standards:

ISO 50001:2018

Approval number(s): ISO 50001 – 00029436

This certificate is valid only in association with the certificate schedule bearing the same number on which the locations applicable to this approval are listed.

The scope of this approval is applicable to:

Production and distribution of:

- cold upsetting, cold forming and cold extrusion wires from case-hardening steels, heat-treatable teels, AFP steels, prehardened steels. As well as unalloyed and medium-alloyed chain steels, tool steels and rolling bearing steels and spring steels. For use as heat-treatable springs, spring steel wires for technical springs, and cushion spring steel wire / profile wires for special applications.
- of welding consumables for MAG welding, submerged arc welding, gas welding, and welding consumables for thermal spraying.
- of bright steel cold-rolled flat and profile steels in coils and bars.
- steel strands, aluminum wires and overhead ropes.
- prestressing steel strands and wires.
- of wire strands and special wire ropes of all kinds.
- bright steel, cold-drawn and/or ground freecutting steel, engineering steel and construction steel grades, as well as special materials.
- KR material in the ring and reinforcing steel mesh.
